

PRESS RELEASE

Salvatore Ferragamo S.p.A.

FY 2018 Group Preliminary Consolidated Revenue Figures

Salvatore Ferragamo Group Consolidated Revenues¹ -3.4% in FY 2018 (-1.7% at constant exchange rates²) vs. FY 2017

Florence, 29 January 2019 – The Salvatore Ferragamo Group, one of the global leaders in the luxury sector, released the Group's Preliminary Consolidated Revenues¹ for Fiscal Year 2018, which amount to 1,347 million Euros down 3.4% at current exchange rates and 1.7% at constant exchange rates² vs. FY 2017.

Preliminary Consolidated Revenue¹ figures for FY 2018

As of 31 December 2018 the Salvatore Ferragamo Group reported Total Revenues¹ of 1,347 million Euros down 3.4% at current exchange rates (-1.7% at constant exchange rates²) vs. the 1,393 million Euros recorded in FY 2017. Revenues¹ in 4Q 2018 registered a 3.6% decrease, penalized by the currencies trend (-1.8% at constant exchange rates²), by the lower incidence of promotional sales in the primary channel, by lower Revenues¹ in the secondary channel and by the negative trends of the wholesale business.

Revenues¹ by distribution channel³

As of 31 December 2018, the Group's Retail network counted on a total of 672 points of sales, including 409 Directly Operated Stores (DOS) and 263 Third Party Operated Stores (TPOS) in the Wholesale and Travel Retail channel, as well as the presence in Department Stores and high-level multi-brand Specialty Stores.

In FY 2018 the Retail distribution channel posted consolidated Revenues¹ down 3.0% (-1.1% at constant exchange rates²), with a decrease of -1.4% at constant exchange rates² and perimeter (like-for-like) vs. FY 2017, mainly due to lower Revenues¹ in the secondary channel.

In 4Q 2018 Retail Revenues¹ remained stable at constant exchange rates², with a -1.2% total like-for-like performance, but positive in the primary channel in all geographical areas.

The Wholesale channel, penalized during all the year 2018 by the destocking activity and the strategic rationalization, registered a decrease in Revenues¹ of 3.8% (-2.7% at constant exchange rates²) vs. FY 2017.

In 4Q 2018 Wholesale Revenues¹ were down 5.4% at constant exchange rates², mainly due to the unfavourable performances in EMEA and US, while the Asia Pacific area and the Travel Retail channel registered positive trends.

Revenues¹ by geographical area³

The Asia Pacific area is confirmed as the Group's top market in terms of Revenues, decreasing by 1.0% (+0.8% at constant exchange rates²) vs. FY 2017, with a positive performance in Greater China, partially penalized by the negative performance in South East Asia. Specifically, in 4Q 2018, the retail channel in China recorded a solid Revenue growth of 7.6% (+10.1% at constant exchange rates²) vs. 4Q 2017.

EMEA posted, in FY 2018, a decrease in Revenues¹ of 6.1% (-5.9% at constant exchange rates²), mainly owed to the negative wholesale business in the last part of the year due to the delayed deliveries following the change of a commercial partner in a strategic market in the Middle East.

North America recorded a Revenue¹ decrease of 5.4% (-2.4% at constant exchange rates²) in FY 2018, mainly impacted by the negative trend of the department stores sales.

The Japanese market registered a 0.4% decrease in Revenues¹ (-1.0% at constant exchange rates²) in FY 2018, with retail stores recording a positive performance at constant exchange rates² both in FY 2018 and in 4Q 2018, while negatively impacted by the strategic rationalization of the wholesale channel.

Revenues¹ in the Central and South America in FY 2018 were down 2.3%, but up 3.8% at constant exchange rates², mainly thanks to the performance of the retail network.

Revenues¹ by product category³

Among the product categories, at constant exchange rates², handbags and leather accessories were up 2.6% and fragrances 6.5%, vs. FY 2017.

Footwear posted a 3.9% decrease at constant exchange rates² in FY 2018, while in 4Q 2018 footwear reported a growth in Revenues¹ in the primary retail channel.

Notes to the press release

¹ Preliminary/Non-Audited Revenues drafted according to IAS/IFRS International Accounting Principles.

² Revenues at “constant exchange rates” are calculated by applying to the Revenues of the period 2017, not including the “hedging effect”, the average exchange rates of the same period 2018.

³ The variations in Revenues are calculated at current exchange rates including the hedging effect, unless differently indicated.

The manager charged to prepare the corporate accounting documents, Ugo Giorcelli, pursuant to article 154-bis, paragraph 2, of Legislative Decree no. 58/1998 (Consolidated Financial Law), hereby declares that the information contained in this Press Release faithfully represents the content of documents, financial books and accounting records.

This document may contain forecasts, relating to future events and operating results, which by their very nature are uncertain, in that they depend on future events and developments that cannot be predicted with certainty. Actual results may therefore differ with those forecasted, due to a variety of factors.

Salvatore Ferragamo S.p.A.
